Robert **Starr**

Full Stack Software Engineer

About me

Full stack software engineer with a background in education, physics, and writing (technical and creative).

Infinitely adaptable and a quick learner, with a particular knack for simplifying complex subjects without sacrificing depth.

Areas of specialization

- Full Stack Development
- Documentation
- Presentations
- Science Communication

Interests and Hobbies

- Piano
- Running
- Reading
- Writing
- Dogs

SHORT RESUMÉ

2018 - 2024 | **Software Engineer (2023 - 2024)**
LEVEL 1 · Austin, TX/Remote
With the disolving of the Indeed Research program, all research engineers transitioned to software engineers. Upon transitioning, the first project involved adding features to user profiles. After the team moved to a separate project, I was tasked with leading the front-end portion.

2018 - 2024 | **Technical Business Analyst (2018 - 2022)**
Research Engineer (2022 - 2023)
LEVEL 1 · Austin, TX/Remote
Role created within Indeed to fasciliate quick software development by combining SWE job requirements with business-end job decisions. Interacted directly with stakeholders as well as implemented code. Main projects included Indeed Gigs site, transition of Recruit acquired job sites to Indeed resources, creating the exit survey for hired jobseekers to provide feedback, and a logging investigation tool to determine the source of logging-related errors and inconsistencies

2011 - 2021 | **Teaching Assistant**
LEAD · Austin, TX
Taught introductory calculus-based physics lab to pre-med students. In addition to teaching and grading, duties included updating the lab manual and writing practical exam every semester.

DEGREES

2021 **Physics**
PHD · UT Austin
All But Dissertation
Completed all course work and qualifier exam

2011 **Physics**
M.S. · CSUN

2004 **Cinema-Television**
